## Airofeel India Services

Our quality Sales and quick service in handling projects as well as complaints has been our major strength towards our growth along with AC Sales in Bangalore. We are also the product dealers of premium brand air conditioners with the following range of AC types:

- Split AC
- Ceiling suspended AC
- Ductable AC
- Chiller units
- Cassette AC
- Customized Ducting
- VRF System
- Ahu unit

### Split AC

The split air conditioners go beyond just cooling and provide a range of features that create comfortable experience. Its good sleep off timer provides an uninterrupted night's rest by automatic temperature adjustment.

### Cassette AC

The Cassette Air Conditioner offers uniform cooling even in the most irregular shaped rooms. Its installation is hassle-free since it requires no ducting.

### Ductable & FCU

To meet specific requirements of air ventilation, we are proudly providing services in form of Ductable Air Conditioners. We have abilities of offering designs and supplying and install products as per specific requirements of clients.

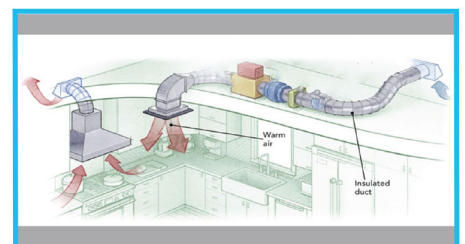

### VRF System

A Variable refrigerant flow (VRF) system consists of an outdoor unit, several indoor units, refrigerant piping, running from the outdoor to all indoors, using Refnet Joints and communication wiring. Variable refrigerant flow (VRF), also known as variable refrigerant volume (VRV), Like ductless mini splits VRFs use refrigerant as the cooling and heating medium.

### Customized Ducting Work

To meet the various requirements of the customers, we are involved in offering a wide assortment of Kitchen Exhaust System. Continuous expulsion of indoor stale, hot and contaminated air gives way for fresh air entry into the enclosed space thus maintaining healthy indoor air quality.
